

Mirror — 30-Day Outreach Planner (Day 1 → Day 30)

A serious, follow-it-exactly plan for a solo founder. It starts in **New York City** (your backyard — the easiest first yeses), then **branches out nationally**, then **scales the creator DM push**, and closes by **converting** warm contacts.

Every workday below names **specific people to contact**, with their real public phone / email / @handle, the exact script to use, and the 2 posts to publish. Nothing here is invented — pull full details from the three lead files:

- `nyc-leads.csv` — 49 NYC therapists, coaches, wellness/meditation studios
- `lead-list.csv` — 77 national orgs (coaching schools, therapy groups, school associations, universities, retreat centers, podcasts, creators)
- `creators-dm-list.csv` — 32 named creators to DM, sorted by reach tier

How the contacts were gathered (read once): every number/email/handle was pulled from the organization's official/public pages via web research. A few came from search-result snippets, so **glance at the contact page before you dial/send** (5 seconds) and confirm anything marked (*verify*). Follower **tiers** in `creators-dm-list.csv` (Mega 1M+ · Large 250k–1M · Mid 50–250k) are rough magnitude, not exact counts — verify before you quote them anywhere.

How to use this planner

1. **Start on a Monday.** The 30 days below assume a Mon-start rhythm: weekdays are call+email days (businesses answer phones), **weekends are DM + content + reply days** (no cold calls).
2. **Each weekday, in order:** (a) work the day's **named leads** — call, then email the same day; (b) **fill your quota** from a directory (Psychology Today, Noomii, ICF finder); (c) **publish 2 posts**; (d) **10-min reply sweep** on every comment/DM.
3. **Log every touch** in the CSV (`status: to-do → called → emailed → dm'd → replied → call-booked → won/no`). The CSVs are your CRM.
4. **Fridays = review** (see Section 6). Chase **replies, booked calls, and multipliers** — not raw dials.

1. Daily targets (professional cadence)

Activity	Weekday baseline	Weekday stretch	Weekend
Cold calls (dials)	8	15	0
Personalized 1:1 emails (from your inbox)	10	20	5
Social DMs (IG + FB + TikTok)	10	20	20
Follow-ups (2nd/3rd touch)	5	10	5
Posts (cross-posted IG + FB + TikTok)	2	2	2

Guardrails (non-negotiable): these are **public business** contacts (B2B). Send emails **1:1 from your own inbox**, personalized — **never** the bulk campaign system (that is reserved for opted-in users/waitlist only). Every email carries a real signature and an easy opt-out line. DMs are personal, not copy-paste spam — change the first line every time.

2. The 30-day arc at a glance

Days	Phase	Focus
1–10	 NYC Blitz	Every NYC therapist, coach, and wellness studio in nyc-leads.csv
11–20	 Branch National	Coaching schools, therapy groups, school assocs, universities, retreats, podcasts (lead-list.csv)
21–28	 Scale + Creator Push	Round-2 org follow-ups + the full 32-creator DM push (creators-dm-list.csv)
29–30	 Convert	Book calls, grant free access, ask happy contacts for intros/quotes, plan Month 2

3. The day-by-day schedule

Contacts are listed inline so each day is self-contained; full rows (website, IG, notes) live in the CSVs. *Post ideas rotate the 5 videos in [VIDEO-STORYBOARDS.md](#) — do a batch of them on Day 6.*

✓ PHASE 4 — CONVERT (Days 29–30)

Day 29 (Mon) — Book + grant - Call/email every warm lead to **book a 15-min call** this week. **Grant free access immediately** to anyone curious — don't wait for the call. Final 3rd-touch to all remaining no-replies ("closing your file unless I hear back — no hard feelings").

Day 30 (Tue) — Ask + plan Month 2 - Ask your happiest contacts for **one intro or one quote** (referrals are the whole game for a solo founder). Tally the month against Section 6 targets. Roll every **to-do** / **called** forward into next month's tracker; double down on whichever **audience replied most** and whichever **post pillar earned the most saves/shares**.

30-day targets: ~150 calls · ~200 emails · ~250 DMs · ~60 posts → 20–40 replies → 5–10 real conversations → **1–3 committed multipliers** (a coaching school, a therapy group, or a creator who points their audience to Mirror).

4. What to say

A. The email (personalize the first two lines · <130 words · from your inbox)

Subject: A quiet tool for the people you work with

Hi {first name},

I came across your work in {their focus — e.g. "measurement-based therapy" / "training new coaches" / "guiding retreat guests"}, and it's the reason I'm writing.

I'm the founder of **Mirror** — a personal-reflection tool that helps someone see themselves clearly: their personality and patterns, how they think and feel, and even how others actually perceive them. Practitioners are pointing people to it for structure *between* sessions. It's a mirror, never a replacement for the work you do.

I'm not selling anything today — I'd value your eye on it. Could I set you up with free access to try? If it helps the people you serve, wonderful; if not, your honest read would help me more than you know.

Warmly, {Your name} · Founder, Mirror · trymirror.world

(Add a real signature and, at the bottom, a one-line opt-out: "Reply 'no thanks' and I won't write again.")

B. The 20-second cold-call opener

"Hi, this is {name} — I'll be quick. I'm the founder of a self-reflection app called Mirror, and I work with {therapists / coaches / counselors} who want something structured for the people they serve *between* sessions. I'm not selling anything — I'd just love to give your team free access to look at. Who's the best person to send that to?"

Then: get a name + email → send email A the same day → log it.

C. The DM script (creators + social — personal, never copy-paste)

Change the **first line every time** — reference a specific recent post so it's obviously human.

Line 1 (personal hook): "Your post on {specific thing they said} genuinely stopped my scroll — {one honest sentence about why}."

Line 2 (the bridge): "I built something in that exact spirit: **Mirror**, a tool that reflects back who someone actually is — personality, how they think and feel, even the gap between how they see themselves and how others see them."

Line 3 (the ask, tiny): "No pitch — I'd love to just give you a free founder link to poke at. If it resonates, maybe it's something your audience would love too. Either way, thank you for the work you put out."

DM etiquette: one message, no wall of text, no link in the first DM if the platform buries it — offer to send it when they reply. Never mass-send identical text; platforms flag it and creators can smell it.

5. Posting plan (2×/day → IG + FB + TikTok)

- **AM (~9–10am):** a short video from [VIDEO-STORYBOARDS.md](#) (or a bold text-over-background hook). Reach play.
- **PM (~6–8pm):** lighter — quote card, poll/question, carousel, or founder note. Engagement play.
- After each post: **10 min** replying to comments/DMs.
- **Rotate the 5 pillars:** Recognition · Perception-gap · Five layers · Growth · Cosmos-meets-science. Whichever earns the most **saves + shares**, make three more like it next week.

6. Track + review

Work the three CSVs as your CRM (**status:** to-do → called → emailed → dm'd → replied → call-booked → won/no).

Every Friday (15 min): 1. Count the week vs. the Section 1 baseline. 2. Note which **audience** replied most → give it more time next week. 3. Note which **post** got the most saves/shares → make more of it. 4. Schedule next week's **follow-ups** (follow-ups convert more than first touches). 5. Book any interested lead into a **call**.

Chase **replies, booked calls, and multipliers** — not raw dials or views.

One-line version

Days 1–10 work all of NYC · **Days 11–20** branch national · **Days 21–28** scale + DM the 32 creators · **Days 29–30** convert. Named leads first, directory volume to fill, 2 posts daily, follow up relentlessly, close warm leads at the end.
