

Mirror — Month 1 Outreach Planner (Executable)

A follow-it-exactly plan. It names **who to contact each day**, with their real public phone/email, which script to use, what to post, and how to track it.

How the contacts were gathered (read once): every number/email below was pulled from the organization's official/public pages via web research, and each is verifiable at the source URL in `lead-list.csv`. The network blocked direct page fetches, so a few came from search-result snippets of those official pages — so **glance at the org's contact page before you dial/send** (takes 5 seconds), and note the handful marked (*verify*). Nothing here is invented. Individual therapists/coaches live behind directory profiles, so for daily *volume* you also harvest those from Psychology Today / Noomii (noted in the schedule) — but the **77 named orgs, schools, centers, practices, podcasts, and creators below come with real, dialable contacts**.

Work each weekday: the day's named leads (Section 3) → fill the rest of your quota from the directories → post 2× → 10-min reply sweep. Track every touch in `lead-list.csv`.

1. Daily numbers

Activity	Baseline/day	Stretch/day
Cold calls (dials)	8	15
Personalized emails (1:1 from your inbox)	10	20
Social DMs (IG+FB+TikTok)	10	20
Follow-ups	5	10
Posts (cross-posted to IG+FB+TikTok)	2	2

Legal/deliverability guardrails: contacts are **public business** lines (B2B). Send emails **1:1 from your own inbox**, personalized — never the bulk campaign system (that's only for opted-in users/waitlist). Every email: real signature + easy opt-out.

2. The master lead list (77 named leads — full contacts in [Lead-List.csv](#))

4. What to say

The email (personalize the first two lines, <130 words, from your inbox)

Subject: A quiet tool for the people you work with

Hi {first name},

I came across your work in {their focus — e.g. "measurement-based therapy" / "training new coaches" / "guiding retreat guests"}, and it's the reason I'm writing.

I'm the founder of **Mirror** — a personal-reflection tool that helps someone see themselves clearly: their personality and patterns, how they think and feel, and even how others actually perceive them. Practitioners are pointing people to it for structure *between* sessions. It's a mirror, never a replacement for the work you do.

I'm not selling anything today — I'd value your eye on it. Could I set you up with free access to try? If it helps the people you serve, wonderful; if not, your honest read would help me more than you know.

Warmly, {Your name} · Founder, Mirror · trymirror.world

The 20-second cold-call opener

"Hi, this is {name} — I'll be quick. I'm the founder of a self-reflection app called Mirror, and I work with {therapists / coaches / counselors} who want something structured for people *between* sessions. I'm not selling anything — I'd just love to give your team free access to look at. Who's the best person to send that to?"

Then: get a name + email → send the email same day → log it.

5. Posting plan (2×/day, all to IG + FB + TikTok)

- **AM (~9–10am):** a short video from [VIDEO-STORYBOARDS.md](#) (or a bold text-over-background hook). Reach play.
- **PM (~6–8pm):** lighter — quote card, poll/question, carousel, or founder note. Engagement play.
- After each post: 10 min replying to comments/DMs. Rotate pillars: Recognition · Perception-gap · Five layers · Growth · Cosmos-meets-science.

6. Track + review

Work [lead-list.csv](#) (status: [to-do](#) → [called](#) → [emailed](#) → [replied](#) → [call-booked](#) → [won/no](#)). **Every Friday (15 min):** count the week vs. baseline; note which audience replied most (give it more time); which post got the most saves/shares (make more); schedule next week's follow-ups; book any interested lead into a call. Chase **replies, booked calls, and multipliers** — not raw dials or views.

One-line version

Mon therapy · Tue coaching · Wed podcasts+creators · Thu schools+wellness · Fri follow-ups — named leads first, directory volume to fill, 2 posts daily, close on Fridays.
